

# STEM + ART = STEAM

## Full STEAM Ahead for Summer Enrichment *Science, Technology, Engineering, Art & Math*

### *Making and Tinkering with STEAM: Solving Design Challenges*

#### **ALL ABOARD:**

Children ages 5 and 6 (rising 1<sup>st</sup> graders)

#### **DATES:**

June 5-July 28, 2017 (8 weeks)

#### **ENRICHMENT FEE:**

\$125/week, includes breakfast, lunch and afternoon snack

### **Design Challenges Inspired by Classic & Modern Children's Books!**

*Children will be engaged in fun projects, introduced through characters of their favorite books, that will challenge their analytical thinking and problem solving skills. This enrichment program will enhance what students have learned throughout the school year and help prevent any backslide in competencies they've gained. Field trips and special guests are planned to support the projects.*
